

Risk Disclosure

Trading in financial instruments and/or cryptocurrencies involves high risks including the risk of losing some, or all, of your investments, this type of investment may not be suitable for all investors. Cryptocurrencies prices are extremely volatile and may be affected by external factors such as financial, regulatory, or political events. Trading with/on margin increases the financial risks. Before deciding to trade in financial instrument or cryptocurrencies you should be fully informed of the risks and costs associated with trading the financial markets, carefully consider your investment objectives, level of experience, and risk appetite, and seek professional advice where needed.
